

Bitrex[®]

Certificate

As part of the technical service provided by the Bitrex™ business, and to permit the use of our trademark on your finished product as described below, the material described below has been tested at independent testing facilities in order for us to recommend the minimum level of Bitrex™ to be incorporated into the finished product to help reduce accidental ingestion.

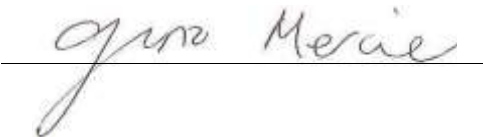

The material tested was:

**USE CAPI MODERNI &
SPORTIVI**

ANDREA GALLO - ITALY Ref No - N/A

Subject to you entering into the MSL Trade Mark Licence Agreement and to the terms thereof, we approve the use of the Bitrex™ logo on your finished product provided that it contains the recommended minimum level of Bitrex™ as referred to above.

Bitrex[®]

Certificate

PLEASE NOTE

1. The level of Bitrex[™] stated to the manufacturer is a recommended minimum level of Bitrex[™] to be incorporated/applied into/upon the above product. The recommended level has been set, and is based on, samples, data and other information supplied to the Bitrex[™] business - Macfarlan Smith Limited (MSL) and on our understanding of the above material. As, amongst other things, MSL and other relevant entities has no control and/or detailed knowledge of the manufacturing processes and/or of the other materials used, the actual level of Bitrex[™], above the minimum level, incorporated into or applied upon your finished product is a decision for the manufacturers.

2. As further set out in the MSL Trade Mark Licence agreement, the use of the Bitrex[™] logo on your finished product signals: (1) incorporation/application of a certified MSL Bitrex[™] product within/upon the tested material; and (2) conformity with the MSL recommendation relating to minimum levels of dosage. It is not certification or confirmation that the above tested material is safe, not unsafe or not defective. It is not certification or confirmation that the above tested material complies with a legal requirement, provision or duty – or that the manufacturer of the above tested material has complied with a legal requirement, provision or duty. The use of Bitrex[™] and/or the Bitrex[™] logo may assist in proving conformity with requirements along with other measures.

3. For the avoidance of doubt, MSL does not accept any responsibility or legal liability regarding (1) the safety of the tested material and/or loss, damage, harm, or injury sustained or incurred relating to the tested materials; or (2) legal compliance of the tested material with relevant legal requirements, including but not limited to legal requirements regarding the use of aversive agents in specific products.

4. Save where inconsistent with numbered paragraphs 1, 2 and 3 above, all Bitrex[™] is and will be supplied subject to MSL's General Terms and Conditions of Sale for Bitrex, a copy of which are available on request.
